

LEARNING SITE® *at a glance*

The Learning Site® is your home for digital learning tools like Explorer® courses, FlexText® online textbooks, student portfolios, and more.

The digital resources on the Learning Site® are designed to support proficiency-driven, performance-based, and standards-aligned teaching practices.

PRO TIP: After creating your account through a web browser, download the [Learning Site® iOS App](#) to enjoy the full functionality of the Learning Site® on the go—including audio and video recording!

Why should I log on?

- Enhance and expand your classroom community with engaging activities during (and beyond) the school day.
- Empower each student to self-assess by uploading evidence to his or her portfolio through Can-Do statements.
- Personalize learning for each student by providing oral and written feedback, which aids their growing proficiency.

How can I get started?

- Flip this page to see what Explorer® and FlexText® features educators love.
- Get easy-to-understand, step-by-step instructions for you and your students: Download the Getting Started Guide at <http://bit.ly/2nOJntH>.
- Ready to jump in? Visit learningsite.waysidepublishing.com and log in or sign up.
